Objective

Adaptable B.Tech final year student seeking an entry-level software/IT position where I can apply my knowledge of HTML, Python, and C. Eager to develop my technical skills, contribute to organizational goals, and grow as a software professional through continuous learning and practical experience

Experience

- Politro** April, 2025 - Feb, 2026
Political Research & Data Management Associate
 - Collected political information using AI tools such as ChatGPT, Grok, and Perplexity according to assigned tasks and maintained the information in Microsoft Excel and Word
 - Participated in meetings with the software development team to discuss improvements and information requirements
- Andhra Pradesh Eastern Power Distribution Company (APEPDCL)** Nov, 2023 - May, 2024
Electrical Engineering Intern
 - Assisted in the operation and maintenance of electrical distribution systems
 - Gained practical exposure to electrical safety, distribution equipment, and field operations

Education

- Bachelor of Technology in Electrical and Electronics Engineering** 2024-2027
Avanthi Institute of Engineering and Technology
- Diploma in Electrical and Electronics Engineering** 2021-2024
Andhra Polytechnic

Skills

- Programming: C, Python, HTML
- Tools: AutoCAD, Microsoft Office
- Soft Skills: Adaptability, Problem Solving, Teamwork

Projects

- Gas Leakage Detection System**
 - Built a gas leakage detection system using Arduino and an MQ-6 gas sensor
 - Designed an automatic alert system to detect unsafe gas levels and provide a warning
- Aurdino Radar System for Object Detection**
 - Developed an Arduino-based radar system to detect objects within a predefined range
 - Integrated a servo motor for scanning and real-time object detection within the set distance

Certifications

- Cloud Computing - NPTEL, IIT Kharagpur**
 - Gained knowledge of cloud computing, virtualization, and cloud service models
 - Studied cloud architecture, distributed systems, and resource management
- VLSI Course for Beginners - NIELIT, Calicut**
 - Learned fundamentals of VLSI design, digital logic, and IC technology
 - Gained basic knowledge of VLSI design flow and semiconductor devices
- Electrical Vehicle Drive Design and Development - HMIES Solution Pvt. Ltd**
 - Completed training in Electric Vehicle (EV) drive system design and development
 - Gained knowledge of BLDC motors, motor controllers, battery management systems and EV components
